Students
dismissed at
2:05pm

Reminders: Choir Students - Consents due Wednesday 17th August School Closure Day Monday 29th August -OSHC bookings available

Dear families,

Our school community is growing, we had 5 new enrolments in week one of this term. The pattern of enrolments over the past few years has been interrupted with COVID impacting families and their ability to move into the area.

It is a lovely celebration for our school community to see that families are choosing to come to Modbury School P-6.

One of the new students who is in year 4 let me know that although she had transferred from a much larger school, she felt that Modbury had really good learning programs. She also talked about her excitement in attending SAPSASA and camp for the very first time.

It is important that we hear children's voices when sharing how they feel about school and their learning. Modbury School P-6 is a smaller school that does offer a more personalised approach in support for children, recognises individuality and focuses on learning improvement for each child tailored with their academic and wellbeing goals in mind.

I would like to invite our parent community to spread the word about your own experience at Modbury School through word of mouth, reviews and surveys.

One of the ways you can do this is by completing the Annual Parent Survey. Families should have already received an email or sms with their unique survey link. If you did not receive a link and would like to complete the survey please email: education.ParentSurvey@sa.gov.au and reference our school.

There is so much for parents to consider when choosing a school with a large amount of public schools in our catchment, it can be a difficult decision. Please support our school so that we can continue to grow and do what we do best, help children to gain a love of learning.

Mary Ttikirou
Principal

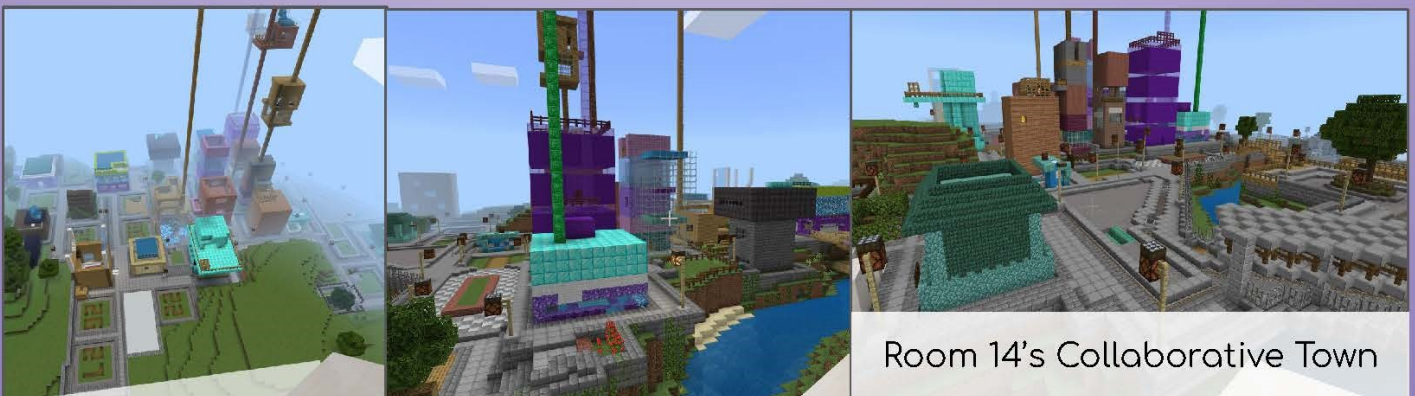

Ms Mary took this gorgeous photo when she visited Berri with her family. Spending time in nature, taking walks and gardening are some of the things she loves to do.

MINECRAFT EDUCATION EDITION IN LCB!

This year in LCB teachers and students have been learning how to use Minecraft Education as a learning tool.

We have used Minecraft for learning in Maths, Technologies and CPC. Minecraft helps us to develop skills such as communication, collaboration, patience, problem solving, growth mindset and creativity.

As part of our learning, we are creating a collaborative town where every student is building their dream house and we are all working in the same world together. The teachers are also creating their houses too! We love getting to see what our friends and teachers are building. We use the camera and book and quill to take photos and document our progress in our journal.

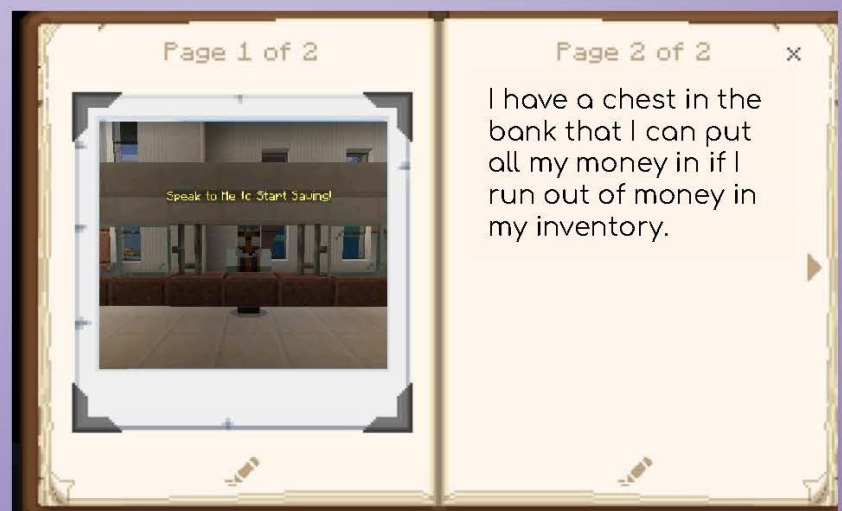

MINECRAFT EDUCATION EDITION IN LCB MATHS!

In Maths we used Minecraft to learn financial skills. Students earned money and had to decide how to spend it. They spoke to residents in the world who gave them knowledge into how they could spend their money.

Students could purchase houses, cars, food, pets, and more. They could open a savings account and choose to have money in the bank.

Students tracked their learning in their journal, where they took screenshots and wrote about what they did in Minecraft.

English in LCB!

Poetry

This term in LCB we are starting to look at Poetry. We have brainstormed types of poems, their purpose and how poetry makes us feel.

We have started to look at important poetic devices such as rhyme, rhythm, repetition, onomatopoeia, alliteration, personification and imagery.

Onomatopoeia: is when a word mimics the sound of the object.

Personification: is using a human characteristic to describe something that is not human.

Rhyme: is when the final sound of a word that can be repeated.

Rhythm: is the natural beat of a poem. Rhythm is affected by the length of syllables, whether they are long or short sounds.

Alliteration: is when words start with the same sound.

Sheep should shower in a shed.

The rumble of waves pounding on the beach.

The wheels on the bus go round and round,
round and round,
round and round.

The wheels on the bus go round and round,
all through the town.

Imagery: creates a clear picture of something in the reader's mind.

Repetition: is when words, lines, and verses are repeated for effect and emphasis.

Students are enjoying reading, hearing and responding to different types of poetry and the challenge of creating their own poems.

What did our staff do during the holidays?

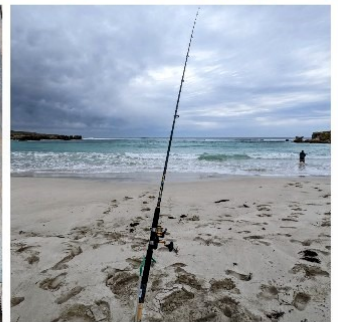

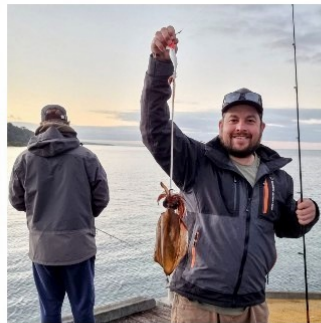

Mrs T and her dog Ohana spent a lot of time with their besties in the holidays!

They celebrated Ohana's best doggie pal Cricket's first birthday in the holidays with presents, special doggy "barkday cake" and a trip to the park!

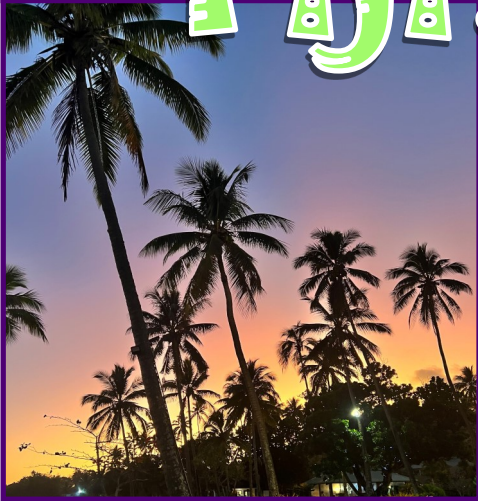

In the school holidays I went down to Kangaroo Island for a week with my partner and friends. We caught squid off the jetty in Kingscote, caught bream at Chapman river and Australian Salmon at Hanson Bay. We visited our favourite cafes on KI, Lavender Farm cafe and Cactus cafe for delicious food and couldn't resist visiting the Oyster Farm at American River to indulge in a delicious seafood platter.

Ms Jackie

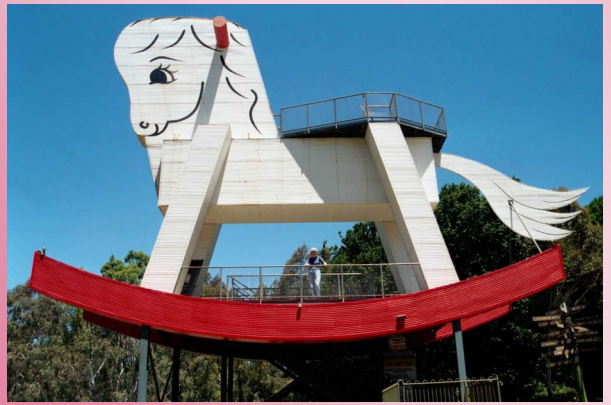

Fiji!

Mrs Brumby and her family had a great time visiting the beautiful island of Fiji. The weather was amazing, they experienced the wonderful arts and culture of this gorgeous tropical location. We are so lucky she came back!

Ms Vanessa and her children went to visit the Big Rocking Horse at Gumeracha. They enjoyed a chilly climb all the way to the top. This picture also shows the beautiful storm clouds rolling in over the Adelaide Hills!

Ms Kym did lots of arty things in the holidays. She helped her son take photos in beautiful Burra for his Bluegrass duet *Miss Ohio* (they had to take Edwood along for a ride!)

She was also busy painting for this years SALA exhibition at Campbelltown Arthouse. Music, Art and family are her favourite things!
